Default.** If Contractor refuses or fails to perform any of its obligations under the provisions of an Order, with such diligence as will ensure its completion within the time specified in the Order, the Ordering Entity's procurement officer may notify Contractor in writing of the non-performance.
If such breach is not corrected within thirty (30) days of issuance of notice, or if, due to Contractor's actions or inactions, performance would be of no value to the Ordering Entity, the procurement officer may terminate Contractor's right to proceed with the Order or such part of the Order as to which there has been such delay or a failure to properly perform. Contractor shall continue performance of the Order to the extent it is not terminated.
 - ii. Contractor's Duties.** Notwithstanding termination of the Order, and subject to any directions from the procurement officer, Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Contractor in which the Ordering Entity has an interest (if any).
 - iii. Compensation.** The Ordering Entity may withhold amounts due to Contractor as the procurement officer deems necessary to protect the Ordering Entity against loss because of outstanding liens or claims of former lien holders and to reimburse the Ordering Entity for the extra costs incurred in procuring substitute Goods and/or Services in connection with such outstanding liens or claims.
 - iv. Erroneous Termination for Default of the State Ordering Entity.** If after notice of termination of Contractor's right to proceed under the provisions of this **§4.H.**, it is determined for any reason that Contractor was not in breach under the provisions of this section, or that the delay was excusable, the rights and obligations of the State Ordering Entity and the Contractor shall be the same as if the notice of termination had been issued pursuant to termination for the public interest **Section 4.H.v.** below.
 - v. Termination of an Order for the Public Interest.** Unless otherwise agreed, a **State Ordering Entity** procurement officer, when the interests of the State, so require, may terminate any Order, in whole or in part, for the public interest of the State, provided only that such termination will not relieve the Ordering Entity from its obligations with respect to any Goods and/or Services already delivered to or used by such Ordering Entity. The procurement officer shall give at least thirty (30) calendar days prior written notice of the termination to Contractor specifying the part of the Order terminated and when termination becomes effective. Termination for the public interest of all or any portion of an Order shall not constitute a breach of this Addendum by the Ordering Entity or the State.
 - a) Contractor's Obligations.** Contractor shall incur no further obligations in connection with the terminated Order on the date set in the notice of termination. Contractor will stop work to the extent specified. Contractor must still complete and deliver to the State Ordering Entity the portion of the Order not terminated (if any) by the notice of termination.
 - b) Compensation.** Upon termination of an Order by a State Ordering Entity, Contractor shall be entitled to compensation as follows:

1. Contractor shall submit a termination claim specifying the amounts due because of the termination for the public interest together with cost or pricing data bearing on such claim.
2. The Ordering Entity shall pay Contractor an amount which bears the same ratio to the total reimbursement under the Order as Contractor's obligations that were satisfactorily performed bear to the total obligations set forth in the Order, less payments previously made. Additionally, if a terminated Order is less than sixty (60) percent completed, the State Ordering Entity may reimburse Contractor for a portion of actual out-of-pocket expenses (not otherwise reimbursed under such Order) incurred by Contractor which are directly attributable to the uncompleted portion of Contractor's obligations hereunder; provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Contractor under such Order.

I. Internet Ordering, E-Commerce and Web Catalog, Electronic Data Storage, and Catalogs
Maintenance of its internet, e-commerce and web catalog, electronic data storage, and catalogs is the Contractor's responsibility and shall be at Contractor's expense.

- i. **Internet Ordering.** As applicable, Contractor shall provide internet catalogs accessible to all Ordering Entities, provide a URL link and Colorado "splash" page or landing page with link to the SPO State Price Agreement web location, designate market basket items in its on-line catalogs for ease of ordering, identify a symbol or marking used to identify market basket items, and designate all environmental preferable products (EPP) in their on-line catalogs and identify the symbol used to mark these EPP products.
- ii. **Electronic Data Storage.** Contractor must have the capability of electronic data storage and a back-up system in the unlikely event that the main information storehouse becomes unusable. Contractor shall have industry standard security protocol including storage of data, ordering security, and data file security.
- iii. **Catalogs.** Contractor must provide paper and/or computer media catalogs to any Ordering Entity, upon request for the duration of this contract.

5. TAXES and PAYMENTS TO CONTRACTOR

A. Taxes and Tax Exemption Status

- i. The State and State Agencies are exempt from all federal excise taxes under the United States of America Internal Revenue Code (IRC) Chapter 32 (No. 84-730123K) and from all Colorado State and local government sales and use taxes under **CRS §§39-26-101 and 201 et seq.** Such exemptions apply when Goods are purchased or Services are rendered to benefit the State. Contractor is hereby notified that when products or services are purchased for the benefit of State Ordering Entities, some Political Subdivisions (e.g., City and County of Denver) may require payment of sales or use taxes even though the product or service is provided to the State or a State Ordering Entity. These sales or use taxes will not be reimbursed by the State Ordering Entity, nor will any prices or rates in this Contract be adjusted on account of such taxes.
- ii. For the purpose of establishing this Addendum, the SPO's FEIN is 84-0644739, however different Ordering Entities may have their own Federal Employer Identification Numbers. The State's tax exemption number is 98-02565-0000, however, different Ordering Entities may have their own tax exemption numbers as well. The Contractor shall be responsible for requesting and obtaining each Ordering Entity's FEIN and tax exemption number and documentation at the time an Order is placed or upon Contractor's request. The State is not liable for any taxes assessed against Contractor for franchise or licensing, or related to the income of the Contractor. No taxes of any kind shall be charged to the State.

B. Payments to Contractor

- i. An Ordering Entity issuing a valid Order shall be bound by the terms and conditions of this Addendum, including, without limitation, the obligation to pay Contractor for Goods and/or Services in accordance with the provisions of this §5, using the methods set forth below.
- ii. The State of Colorado shall not be liable for payment of Orders placed by a non-State Ordering Entity nor shall the Contractor seek compensation from the State of Colorado for such Orders.

C. Invoicing/Billing

- i. **Invoices.** Contractor shall have an accounting and billing system and provide Ordering Entities with an invoice when purchases are made. Contractor shall invoice Ordering Entities for Goods and/or Services provided to and accepted by the Ordering Entity, at the prices as provided pursuant to the Master Agreement, as amended. A statement showing transactions for a period is not an invoice, though the Contractor may provide such documents as information to the Ordering Entity on a regular basis or upon the request of an Ordering Entity. Unless otherwise specified in the Order, Ordering Entities will pay Contractor based on submission of invoices to the Ordering Entity that detail the dates, quantity, and description of Goods delivered and/or Services performed, the billing rate, and the Order number. Incorrect payments to Contractor due to omission, error, fraud, or defalcation may be recovered from the Contractor by deduction from subsequent payments due under Orders or other contracts between the Ordering Entity and the Contractor.
- ii. The terms and conditions on any invoice, statement, Contractor time sheet, or other form, including, but not limited to indemnification, limitation of liability, or cancellation fees, shall be void and of no effect against the State or any Ordering Entity. The Contractor's and Ordering Entities' rights and obligations shall be governed solely by the terms and conditions of this Addendum and the Master Agreement. Any Ordering Entity employee's signature on Contractor's forms shall be effective only to establish receipt of Goods or Services. The Contractor shall provide a toll free number for Ordering Entity inquiries on billing problems.
- iii. **Remittance.** Ordering Entities will remit payments by mail or via State procurement credit cards or as otherwise agreed by Contractor and such Ordering Entities. The Ordering Entities shall send payments to Contractor at the address shown on the invoice if it is the same address recorded in this Addendum or subsequently provided to SPO in writing. Contractor must provide notice within 5 business days of a change to the SPO in writing (email is acceptable) in the event the remittance information changes.
- iv. **Payment by State Ordering Entities; Interest.** Contractor shall allow State Ordering Entities a minimum of thirty (30) days after receipt of an invoice to pay for products or services provided by Contractor. State law and regulations provide that State payments made within 45 days are not considered delinquent, and unless otherwise agreed, State Ordering Entities will pay interest on any unpaid balance beginning on the 46th day at the rate of one percent per month on any unpaid balance until paid in full; provided, however, that interest shall not accrue on unpaid amounts that are the subject of a good faith dispute regarding the obligation to pay all or a portion of the liability. Contractor shall invoice State Ordering Entities separately for accrued interest on delinquent amounts due. The billing shall reference the delinquent payment, the number of day's interest to be paid, and the applicable interest date. (**Section 24-30-202(24), C.R.S., as amended.**)
- v. **Payment By Colorado Political Subdivisions, Non-Profit Organizations, or Other non-State Eligible Entities.** For Orders placed by non-State Ordering Entities (Political Subdivisions, Non-Profit Organizations, or other non-State Eligible Entities), terms for payment shall be specified in the written Orders. Contractor shall invoice non-State Ordering Entities directly. Ordering Entities generally remit payment in a timely manner within forty-five (45) days of invoice; however, it is the Contractor's responsibility to confirm all payment terms with each non-State Ordering Entity at the time an Order is placed.
- vi. **Maximum Amount.** State Ordering Entities shall place Orders with the Contractor using a delivery order or state contract as required by State law, regulations, and the State Fiscal

Rules. All non-State Ordering Entities shall place Orders with a purchase order or other contracting document acceptable to the Contractor. The maximum amount payable under this Addendum shall be determined by the amount of Orders placed and other contracting documents. No Contract Funds will be encumbered by the State Department of Personnel & Administration against this Addendum unless an Order is placed by that agency. Ordering Entities shall state the maximum amount available for the purchase of Goods and/or Services under each Order.

- vii. **Advance, Interim and Final Payments.** Any advance payment allowed under any Order issued by a State Agency against this Addendum shall comply with State Fiscal Rules and be made in accordance with the provisions of this Addendum and such Order. Non-State Ordering Entities may have their own fiscal procedures regarding advance payments, which may be agreed upon in writing between the non-State Ordering Entity and the Contractor.
- viii. **Available Funds-Contingency-Termination.** State Ordering Entities are prohibited by law from making commitments beyond the term of the State's current fiscal year. Therefore, Contractor's compensation beyond the State's current Fiscal Year is contingent upon the continuing availability of State appropriations as provided in the Colorado Special Provisions, §19 hereof. If federal funds are used to fund Work ordered by State Ordering Entities under this Addendum, in whole or in part, the State's performance hereunder is contingent upon the continued availability of such Contract Funds. State Ordering Entities shall only make payments for Work ordered by a State Ordering Entity under this Addendum from available State Ordering Entity Contract Funds that have been encumbered for that Work, and the State Ordering Entity's liability for such payments shall be limited to the amount remaining of such encumbered Contract Funds. If State or federal funds are not appropriated, or otherwise become unavailable to fund any Order placed by a State Ordering Entity under this Addendum, the State Ordering Entity may terminate the Order immediately, in whole or in part, without further liability in accordance with the provisions hereof.

A Political Subdivision Ordering Entity may have its own fiscal requirements regarding available funds for payment of Orders, which may be agreed upon in writing between the non-State Ordering Entity and the Contractor.

- ix. **Erroneous Payments.** At the State's sole discretion, State Ordering Entity payments made to the Contractor in error for any reason, including, but not limited to, omission, error, fraud, or defalcation, overpayments or improper payments, and unexpended or excess funds received by Contractor, may be recovered from Contractor by deduction (set-off) from subsequent payments under this Addendum or other contracts, grants or agreements between the State and Contractor or by other appropriate methods, or collected as a debt due to the State. Such funds shall not be paid to any person or entity other than the State. Non-State Ordering Entities may have their own fiscal requirements regarding erroneous payments, which may be agreed upon in writing between the non-State Ordering Entity and the Contractor.
- x. **Discount/Delinquency Period.** Any applicable cash discount period or delinquency period shall start from the date of receipt of an acceptable invoice, or from the date of receipt of acceptable Goods or Services (subject to acceptance terms defined at section 4.F.) at the specified destination by an authorized Ordering Entity representative, whichever is later.

6. REPORTING – NOTIFICATION

Reports required under this §6 shall be in accordance with the procedures of and in such form as prescribed by the State, as applicable. Contractor's failure to provide these reports shall constitute cause for cancellation of this Addendum and may disqualify Contractor from the award of future awards by the State.

- A. **Performance, Progress, Personnel, and Funds.** Contractor shall submit a report to each Ordering Entity upon expiration or sooner termination of this Addendum. In addition, Contractor shall comply with all reporting requirements, set forth in any Order.

B. Volume Reports. The State intends to use the centralized method of tracking volume. Contractor shall furnish the SPO sales/volume reports 30 calendar days after the end of each calendar quarter. The Contractor shall ensure that Confidential Information, State Data and Records, and/or Ordering Entity Records are not retained beyond timeframes established by the State and Ordering Entity.

I. **End of Agreement Data Handling.** Upon request by the State or Ordering Entity made before or within sixty (60) days after the effective date of termination of this Addendum, Contractor will make available to the State or Ordering Entity a complete and secure (i.e. encrypted and appropriately authenticated), download file of all system data in XML format, including all Confidential Information, State Data and Records, Ordering Entity Records, schema and transformation definitions, and/or delimited text files with documented, detailed schema definitions along with attachments in their native format. The Parties agree that upon termination of the provision of data processing services, the Contractor shall, at the choice of the State or Ordering Entity, return all data, records, Confidential Information, State Data and Records, and/or Ordering Entity Records transferred, and any copies thereof to the State or Ordering Entity, and certify to the State or Ordering Entity that it has done so, unless legislation applicable to the Contractor prevents it from returning or destroying all or part of the data, Confidential Information, State Data and Records, and/or Ordering Entity Records transferred. In that case, the Contractor warrants that it will guarantee thereafter the confidentiality of the data, Confidential Information, State Data and Records, and/or Ordering Entity Records transferred and will not actively process the data transferred anymore.

J. **Disposition of Data.** The State and Ordering Entities retain the right to use the established operational services to access and retrieve Confidential Information, State Data and Records, and/or Ordering Entity Records stored on Contractor's infrastructure, at their sole discretion. The Contractor and its Subcontractors warrant that upon request of the State, an Ordering Entity, and/or the OIS, the Contractor will make available its data processing facilities for an audit of the measures referred to in §7.D. The State and Ordering Entities reserve all right, title and interest, including all intellectual property and proprietary rights, in and to, system data, Confidential Information, State Data and Records, Ordering Entity Records, and and content provided by the State and Ordering Entity.

K. **Safeguarding Personal Identifiable Information (PII).** If Contractor or any of its Subcontractors will or may receive personally identifiable information (PII) under the Addendum, Contractor shall provide for the security of such PII in a manner acceptable to the State, Ordering Entity, or the OIS in the case of a State Agency subject to compliance with C.R.S. 24-37.5-101 et seq., including, without limitation, non-disclosure, use of appropriate technology, security practices, computer access security, data access security, data storage encryption, data transmission encryption, security inspections and audits. Contractor shall take full responsibility for the

security of all data in its possession or in the possession of its Subcontractors, and shall hold the State and Ordering Entities harmless for any damages or liabilities resulting from the unauthorized disclosure or loss thereof.

- L. Safeguarding Federal Tax Information (FTI).** If Contractor or any of its Subcontractors will or may receive federal tax information (FTI) under the Addendum, Contractor shall provide for the security of the FTI, in a manner acceptable to the Ordering Entity, or OIS in the case of a State Agency subject to compliance with C.R.S. 24-37.5-101 et seq., and in accordance with State and federal law. For the purposes of the Addendum, "FTI" shall mean federal or state tax returns, return information, and such other tax-related information as may be protected by State and federal law. Security safeguards shall include, without limitation, supervision by responsible employees, approval of Subcontractors as required by State or federal law, non-disclosure of information other than as necessary in the performance of Contractor's or its Subcontractor's obligations under the Addendum, non-disclosure protections, proper accounting and storage of information, civil and criminal penalties for non-compliance as provided by law, certifications and inspections. Contractor shall comply with the requirements of **Exhibit 4** (IRS Requirement), attached hereto and incorporated herein.
- M. Safeguarding Payment Card Industry (PCI) Data.** If Contractor or any of its Subcontractors will or may receive payment card industry (PCI) data under the Addendum, Contractor shall provide for the security of the PCI data, in accordance with PCI Data Security Standard (DSS) 1.1. For the purposes of the Contract, "PCI data" shall mean any data related to card holders' names, credit card numbers, or other credit card information as may be protected by State and federal law. Security safeguards shall include, without limitation, supervision by responsible employees, approval of Subcontractors as required by State or federal law, non-disclosure of information other than as necessary in the performance of Contractor's or its Subcontractor's obligations under the Addendum, non-disclosure protections, proper accounting and storage of information, civil and criminal penalties for non-compliance as provided by law, certifications and inspections.
- N. Intellectual Property Indemnification.** Contractor shall indemnify, hold harmless and defend, at Contractor's sole expense, the State and Ordering Entities and their respective employees and agents against any and all loss, cost, expenses or liability, including but not limited to attorneys fees, court costs and other legal expenses and damages arising out of a claim that any Goods or Services, software or Work Product provided by Contractor under this Addendum, or the use thereof, infringes a patent, copyright, trademark, trade secret, or any other intellectual property right. Contractor's obligation hereunder shall not extend to the combination of the Goods with any other product, system or method, unless the other product, system or method is **(a)** provided by Contractor or Contractor's subsidiaries or affiliates, or **(b)** specified by Contractor to work with the Goods, or **(c)** reasonably required in order to use the Goods in its intended manner and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function, or **(d)** is reasonably expected to be used in combination with the Goods. Contractor's obligation to indemnify hereunder is subject to the State **(a)** giving Contractor prompt written notice of any such claim; **(b)** giving Contractor sole control over the defense and settlement of any such claim provided Contractor is barred from agreeing the State is at fault, **(c)** providing full cooperation for the defense of any such claim, at Contractor's expense; and **(d)** not entering into any settlement or compromise of any such claim without Contractor's prior written approval. Upon notice of an alleged infringement or if in Contractor's opinion such a claim is likely, Contractor shall have the right, at its sole option and expense, to procure a license to the relevant Goods, Services, software or Work Product or modify the Goods, Services, software or Work Product or substitute other non-infringing hardware or software with similar operating capabilities; or if Contractor determines that the foregoing is not reasonable, Contractor may refund the fees paid by State or Ordering Entity for the infringing copies of the Goods, software or Work Product upon the State's return of such Goods, software or Work Product to Contractor. THIS SECTION 8.N ("CONTRACTOR INTELLECTUAL PROPERTY INDEMNIFICATION") SETS FORTH CONTRACTOR'S SOLE AND EXCLUSIVE LIABILITY AND THE STATE'S SOLE AND EXCLUSIVE REMEDIES FOR INFRINGEMENT BY

THE GOODS, SERVICES, OR WORK PRODUCT OF THIRD-PARTY INTELLECTUAL PROPERTY RIGHTS OF ANY KIND. Notwithstanding anything to the contrary herein, at the State's option, the State may elect to have the Colorado State Attorney General ("AG") defend such claim provided Contractor is given full participation in both the defense and all related settlement negotiations and further provided that upon such election by the State, Contractor shall have no liability for AG's or the State's attorney fees or costs of litigation; and the State or AG agrees not to settle any claim unless it unconditionally releases Contractor of all liability and obtains prior written approval from Contractor.

- O. Transition of Services.** Upon expiration or earlier termination of this Addendum or any Services provided hereunder, Contractor shall accomplish a reasonable transfer of the Services from Contractor to the State or Ordering Entity or any replacement entity designated solely by the State or Ordering Entity without any material interruption of or adverse impact on the Services or any other services provided by Subcontractors hereunder. Contractor shall cooperate fully with the State or Ordering Entity or such replacement entity, and promptly take all steps required to assist in effecting a complete transfer of the Services as designated by the State or Ordering Entity. In the event of termination for uncured material breach by Contractor, all work related to such transfer of Services shall be performed at no additional cost beyond what would be paid for the Services hereunder.

9. CONFLICTS OF INTEREST

- A.** Contractor shall not engage in any business or personal activities or practices or maintain any relationships which conflict in any way with the full performance of Contractor's obligations hereunder. Contractor acknowledges that with respect to this Addendum, even the appearance of a conflict of interest is harmful to the State's interests.
- B.** Absent the State's prior written approval, Contractor shall refrain from any practices, activities or relationships that reasonably appear to be in conflict with the full performance of Contractor's obligations to the State hereunder. If a conflict or appearance thereof exists, or if Contractor is uncertain whether a conflict or the appearance of a conflict of interest exists, Contractor shall submit to the State a disclosure statement setting forth the relevant details for the State's consideration. Failure to promptly submit a disclosure statement or to follow the State's direction in regard to the apparent conflict constitutes a breach of this Addendum.

10. REPRESENTATIONS AND WARRANTIES

Contractor makes the following specific representations and warranties for the benefit of the State and Ordering Entities on the date hereof and as of each Order's effective date, each of which was relied on by the State in entering into this Addendum, and will be relied upon by the State in entering into this Addendum and by each Ordering Entity in placing Orders with Contractors.

- A. Standard and Manner of Performance.** Contractor shall perform its obligations hereunder in accordance with the highest standards of care, skill and diligence in Contractor's industry, trade, or profession and in the sequence and manner set forth in this Addendum and in any Order.
- B. Legal Authority – Contractor Signatory.** Contractor warrants that it possesses the legal authority to enter into this Addendum and that it has taken all actions required by its procedures, and by-laws, and/or applicable laws to exercise that authority, and to lawfully authorize its undersigned signatory to execute this Addendum, or any part thereof, and to bind Contractor to its terms. If requested by the State, Contractor shall provide the State with proof of Contractor's authority to enter into this Addendum within 15 days of receiving such request.
- C. Licenses, Permits, Etc.**
- i.** Contractor represents and warrants that as of the Effective Date it has, and that at all times during the term hereof it shall have and maintain, at its sole expense, all licenses, certifications, approvals, insurance, permits, and other authorizations required by law to perform its obligations hereunder. Contractor warrants that it shall maintain all necessary licenses, certifications, approvals, insurance, permits, and other authorizations required to properly perform this Addendum, without reimbursement by the State or other adjustment in

Contract Funds. Additionally, all employees and agents of Contractor delivering Orders under this Addendum shall hold all required licenses or certifications, if any, to perform their responsibilities.

- ii. Contractor, if a foreign corporation or other foreign entity transacting business in the State of Colorado, further warrants that it currently has obtained and shall maintain any applicable certificate of authority to transact business in the State of Colorado and has designated a registered agent in Colorado to accept service of process. Any revocation, withdrawal or non-renewal of such licenses, certifications, approvals, insurance, permits or any such similar requirements necessary for Contractor to properly perform the terms of this Addendum is a material breach by Contractor and may constitute grounds for termination of this Addendum.

D. Doing Business in Colorado. Contractor and its Subcontractors and authorized dealer/distributors, if applicable, shall register to do business within the State of Colorado with the Colorado Secretary of State, in accordance with Colorado Revised Statute (CRS) 7-90-801, and must maintain such registration in "good standing" throughout the term of this Addendum. Contractor shall provide the State upon the State's request a copy of Contractor's Articles of Incorporation and/or Bylaws.

E. Federal Employer Identification Number (FEIN). Contractor shall submit to the State its F.E.I.N. and a completed W-9, Taxpayer Identification form before any Ordering Entity may issue an Order to Contractor under this Addendum.

11. INSURANCE

Contractor and its Subcontractors shall obtain and maintain insurance as specified in this §11 at all times during the term of this Addendum. All policies evidencing the insurance coverage required hereunder shall be issued by insurance companies satisfactory to Contractor and the State.

A. Contractor

i. Public Entities

- a) If Contractor is a "public entity" within the meaning of the Colorado Governmental Immunity Act, **CRS §24-10-101, et seq.**, as amended (the "GIA"), then Contractor shall maintain at all times during the term of this Addendum such liability insurance, by commercial policy or self-insurance, as is necessary to meet its liabilities under the GIA.
- b) Contractor shall show proof of such insurance satisfactory to the State, if requested by the State. Contractor shall require each contract with a Subcontractor that is a public entity, to include the insurance requirements necessary to meet such Subcontractor's liabilities under the GIA.

- ii. **Non-Public Entities.** If Contractor is not a "public entity" within the meaning of the GIA, Contractor shall obtain and maintain during the term of this Addendum insurance coverage and policies meeting the same requirements set forth in §11(B) with respect to Subcontractors that are not "public entities".

B. Contractors – Subcontractors. Contractor shall require each contract with Subcontractors providing Goods or Services in connection with this Addendum, other than those that are public entities, to include insurance requirements substantially similar to the following:

- i. **Worker's Compensation.** Worker's Compensation Insurance as required by State statute, and Employer's Liability Insurance covering all of Contractor's or Subcontractor's employees acting within the course and scope of their employment.
- ii. **General Liability.** Commercial General Liability Insurance written on ISO occurrence form CG 00 01 10/93 or equivalent, covering premises operations, fire damage, independent Contractors, products and completed operations, blanket contractual liability, personal injury, and advertising liability with minimum limits as follows: (a) \$100,000 each occurrence; (b) \$100,000 general aggregate; (c) \$100,000 products and completed operations aggregate; and (d) \$50,000 any one fire. If any aggregate limit is reduced below \$100,000 because of claims made or paid, Contractor and/or Subcontractor shall immediately obtain additional

insurance to restore the full aggregate limit and furnish to Contractor a certificate or other document satisfactory to Contractor showing compliance with this provision.

- iii. **Automobile Liability.** Automobile Liability Insurance covering any auto (including owned, hired and non-owned autos) with a minimum limit of \$1,000,000 each accident combined single limit.
 - iv. **Cyber Privacy Insurance.** Cyber Privacy Insurance for claims and losses with respect to network, internet (cloud) or other data disclosure risks (such as data breaches, releases of confidential information, unauthorized access/use of information, and identity theft) with minimum limits of not less than \$1,000,000 per occurrence and \$2,000,000 aggregate. The State acknowledges and agrees that Contractor may provide such coverage levels pursuant to an appropriate comprehensive insurance policy (i.e., Professional Liability or General Liability insurance, as appropriate).
 - v. **Professional Liability.** Professional Liability Insurance Policy in the minimum amount of \$1,000,000 per occurrence and \$1,000,000 in the aggregate, written on an occurrence form that provides coverage for its work undertaken pursuant to this Addendum. If a policy written on an occurrence form is not commercially available, a claims-made policy shall remain in effect for the term of the Contract and for at least two years beyond the completion and acceptance of the Work under this Contract, or, alternatively, Contractor must purchase a two year extended reporting period.
 - vi. **Additional Insured.** The State shall be named as additional insured on all Commercial General Liability and Automobile Liability Insurance policies (leases and construction contracts require additional insured coverage for completed operations on endorsements CG 2010 11/85, CG 2037, or equivalent) required of Contractor and any Subcontractors hereunder.
 - vii. **Primacy of Coverage.** Coverage required of Contractor and Subcontractor shall be primary over any insurance or self-insurance program carried by Contractor or the State.
 - viii. **Cancellation.** The above insurance policies shall include provisions preventing cancellation or non-renewal without at least 30 days prior notice to Contractor and Contractor shall forward such notice to the State in accordance with **§6 of the Addendum** within seven days of Contractor's receipt of such notice.
 - ix. **Subrogation Waiver.** All insurance policies in any way related to this Addendum and secured and maintained by Contractor or its Subcontractors as required herein shall include clauses stating that each carrier shall waive all rights of recovery, under subrogation or otherwise, against Contractor or the State, its agencies, institutions, organizations, officers, agents, employees, and volunteers; provided however that such subrogation waivers shall only be available to the extent applicable to on-site servicing of products by Contractor or its Subcontractors.
- C. **Certificates.** Contractor and all Subcontractors shall provide certificates showing insurance coverage required hereunder to the State within seven business days of the Effective Date of this Addendum. No later than 15 days prior to the expiration date of any such coverage, Contractor and each Subcontractor shall deliver to the State certificates of insurance evidencing renewals thereof. In addition, upon request by the State at any other time during the term of this Addendum or any subcontract, Contractor and each Subcontractor shall, within 10 days of such request, supply to the State evidence satisfactory to the State of compliance with the provisions of this **§11**.

12. BREACH

- A. **Defined.** In addition to any explicit breaches specified in other sections of this Addendum and the Master Agreement, the failure of the Contractor, the State or an Ordering Entity to perform any of their material obligations hereunder, in whole or in part or in a timely or satisfactory manner, constitutes a breach. The institution of proceedings under any bankruptcy, insolvency, reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar

officer for Contractor or any of its property, which is not vacated or fully stayed within 20 days after the institution or occurrence thereof, shall also constitute a breach.

- B. Notice and Cure Period.** In the event of a breach, notice of such shall be given in writing by the aggrieved Party to the other Party and to the State in the manner provided in **§6 of the Addendum**. If such breach is not cured within 30 days of receipt of written notice, or if a cure cannot be completed within 30 days, or if cure of the breach has not begun within 30 days and pursued with due diligence, the State or an Ordering Entity may exercise any of the remedies set forth in **§13 (Remedies)**. Notwithstanding anything to the contrary herein, the State, in its sole discretion, need not provide advance notice or a cure period and may immediately terminate this Addendum in whole or in part if reasonably necessary to preserve public safety or to prevent immediate public crisis.

13. REMEDIES

If Contractor is in breach under any provision of this Addendum, the State and an Ordering Entity shall have all of the applicable remedies listed in this **§13**, except for those remedies specifically limited to the State, in addition to all other remedies set forth in other sections of this Addendum, the Master Agreement, and under applicable law, following the notice and cure period set forth in **§12 (Breach)**. The State and any Ordering Entity may exercise any or all of the remedies available to it, in its sole discretion, concurrently or consecutively.

- A. Contract Termination for Cause and/or Material Breach.** The State may terminate this entire Addendum or any part thereof, or any Order, in response to Contractor's uncured material breach. Exercise by the State of this right shall not be a breach of its obligations hereunder. Contractor shall remain responsible for performance of this Addendum and any Orders to the extent not terminated, if any.

i. Obligations and Rights.

- a)** To the extent specified in any termination notice, Contractor shall not incur further obligations or render further performance hereunder past the effective date of such notice, and shall terminate outstanding orders and subcontracts with third parties pertaining to such performance. However, Contractor shall complete and deliver to individual Ordering Entities all Orders not cancelled by the termination notice and may incur obligations as are necessary to do so within this Addendum's terms.
- b)** Upon termination, Contractor and any Subcontractor shall take timely, reasonable and necessary action to protect and preserve property in the possession of Contractor in which any individual Ordering Entities have an interest. Contractor and any Subcontractors shall immediately return to the Ordering Entity all materials owned by the Ordering Entity that are in their possession.
- ii. Payments.** Ordering Entities shall reimburse Contractor only for accepted performance up to the date of termination of an Order. If, after termination of an Order by State Ordering Entities, it is determined that Contractor was not in breach or that Contractor's action or inaction was excusable, such termination shall be treated as a termination in the public interest and the rights and obligations of the Parties shall be the same as if this Addendum had been terminated in the public interest, as described below in **§13.B**.
- iii. Damages and Withholding.** Notwithstanding any other remedial action by the State or an Ordering Entity, but subject to the limitations of liability described herein, Contractor shall remain liable to the State or the Ordering Entity as may be appropriate for any actual damages sustained by the State or the Ordering Entity by virtue of any material and uncured breach under this Addendum by Contractor. An Ordering Entity may withhold any payment to Contractor for the purpose of mitigating the Ordering Entity's damages, until such time as the exact amount of damages due to the Ordering Entity from Contractor is determined. An Ordering Entity may withhold any amount that may be due Contractor as the Ordering Entity deems necessary to protect against loss, including loss as a result of outstanding liens, claims of former lien holders, or for the excess costs incurred in procuring substitute Goods or Services. Subject to the provisions of **13.H.** below, Contractor shall be liable to Ordering

Entity for excess costs incurred by the Ordering Entity in procuring from third parties replacement Work or substitute Goods and/or Services.

- B. Contract Early Termination in the Public Interest.** The State is entering into this Addendum for the purpose of carrying out the public policy of the State of Colorado, as determined by its Governor, General Assembly, and/or Courts. If this Addendum ceases to further the public policy of the State, the State, in its sole discretion, may terminate this Addendum, and any Order, in whole or in part. Exercise by the State of this right shall not constitute a breach of the State's or any Ordering Entity's obligations hereunder. This subsection shall not apply to a termination of this Addendum by the State for cause or breach by Contractor, which shall be governed by **§13.A** or as otherwise specifically provided herein.
- i. Method and Content.** The State shall notify Contractor of such termination in accordance with **§6 of the Addendum**. The notice shall specify the effective date of the termination and whether it affects all or a portion of this Addendum and any Orders.
 - ii. Obligations and Rights.** Upon receipt of a termination notice, Contractor shall be subject to and comply with the same obligations and rights set forth in **§13(A)(i)**.
 - iii. Payments.** If this Addendum is terminated by the State pursuant to this **§13(B)**, Contractor shall be paid by respective Ordering Entities for all outstanding Orders an amount which bears the same ratio to the total reimbursement under those Orders as Contractor's obligations that were satisfactorily performed bear to the total obligations set forth in each Order, less payments previously made.

Additionally, if an Order is less than 60% completed, an Ordering Entity may reimburse Contractor for a portion of actual out-of-pocket expenses (not otherwise reimbursed under this Contract) incurred by Contractor which are directly attributable to the uncompleted portion of Contractor's obligations hereunder; provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Contractor by an Ordering Entity under such Order.
- C. State's Option to Terminate.** The State may, at any time, terminate this Addendum by sending prior written notice to the Contractor. Such notice shall state the effective date of termination, which shall be no less than 30 calendar days after the date of the notice.
- D. Remedies Not Involving Contract Termination.** The State, in its sole discretion, may exercise one or more of the following remedies in addition to other remedies available to it:
- i. Suspend Performance.** Suspend Contractor's performance with respect to all or any portion of this Addendum pending necessary corrective action as specified by the State without entitling Contractor to an adjustment in price/cost or performance schedule. Contractor shall promptly cease performance and incurring costs in accordance with the State's directive and the State shall not be liable for costs incurred by Contractor after the suspension of performance under this provision.
 - ii. Withhold Payment.** Withhold payment to Contractor until corrections in Contractor's performance are satisfactorily made and completed.
 - iii. Deny Payment.** Deny payment for those obligations not performed that, due to Contractor's actions or inactions, cannot be performed or, if performed, would be of no value to the State, provided, that any denial of payment shall be reasonably related to the value to the State of the obligations not performed.
 - iv. Removal.** Notwithstanding any other provision herein, the State may demand immediate removal of any of Contractor's employees, agents, or Subcontractors whom the State deems incompetent, careless, insubordinate, unsuitable, or otherwise unacceptable, or whose continued participation under this Addendum is deemed to be contrary to the public interest or the State's best interest.
- E. Intellectual Property.** If Contractor infringes on a patent, copyright, trademark, trade secret or other intellectual property right while performing its obligations under this Addendum, Contractor shall, at its sole option **(a)** obtain for the State or Contractor the right to use such Goods and

Services; (b) replace any Goods involved in the performance of the Services with non-infringing Goods, or modify them so that they become non-infringing; or, (c) if neither of the foregoing alternatives are reasonably available, remove or discontinue any infringing Services or Goods and refund the price paid therefore to the State.

- F. **Non-State Ordering Entity Remedies.** Non-State Ordering Entities may include other remedies in the terms of the Orders they place.
- G. **Delay or Nonperformance – Liquidated Damages.** If an Ordering Entity provides Contractor with written notice of delay or nonperformance under an Order in accordance with §6 of the Addendum, and Contractor fails to cure such delay or nonperformance within the time specified in such notice, then to the extent such Order contains a liquidated damages provision and such Order was signed by an authorized representative of Contractor, Contractor shall be liable for the liquidated damages in addition to any other applicable damages as provided therein, subject to Section 13H below.
- H. **Limitation of Liability.** EXCEPT FOR CONTRACTOR’S INDEMNIFICATION OBLIGATIONS, AND SUBJECT TO EXTINGUISHMENT OF COVERAGE PER APPLICABLE INSURANCE POLICY, NOTWITHSTANDING ANY OTHER PROVISIONS OF THIS AGREEMENT, EACH PARTY’S TOTAL LIABILITY ARISING FROM OR IN RELATION TO THIS AGREEMENT OR THE GOODS AND SERVICES, WHETHER ARISING IN CONTRACT, TORT, STRICT LIABILITY OR OTHERWISE, SHALL BE LIMITED TO THE TOTAL AMOUNT PAID OR PAYABLE UNDER THIS AGREEMENT FOR THE PRODUCTS OR SERVICES GIVING RISE TO THE CLAIM IN THE MOST RECENT FULL CALENDAR YEAR PRECEDING EITHER PARTY’S INITIAL NOTICE OF ANY CLAIM OR POTENTIAL CLAIM HEREUNDER OR \$100,000, WHICHEVER IS GREATER. IN NO EVENT WILL EITHER PARTY BE LIABLE FOR THE COST OF PROCUREMENT OF SUBSTITUTE GOODS. THE FOREGOING LIMITATIONS SHALL NOT APPLY TO DAMAGES ARISING FROM DEATH OR PERSONAL INJURY.

14. GOVERNMENTAL IMMUNITY

Liability for claims for injuries to persons or property arising from the negligence of the State of Colorado, its departments, institutions, agencies, boards, officials, and employees is controlled and limited by the provisions of the Governmental Immunity Act §24-10-101, et seq. and the risk management statutes, CRS §24-30-1501, et seq., as amended.

15. STATEWIDE CONTRACT MANAGEMENT SYSTEM

- A. If the maximum amount payable to Contractor by State Ordering Entities under this Addendum is \$100,000 or greater, either on the Effective Date or at anytime thereafter, this §15 applies. Contractor agrees to be governed, and to abide, by the provisions of CRS §24-102-205, §24-102-206, §24-103-601, §24-103.5-101 and §24-105-102 concerning the monitoring of Contractor performance on state contracts and inclusion of contract performance information in a statewide contract management system. Contractor’s performance shall be subject to Evaluation and Review in accordance with the terms and conditions of this Addendum, State law, including CRS §24-103.5-101, and State Fiscal Rules, Policies and Guidance. Evaluation and Review of Contractor’s performance shall be part of the normal contract administration process and Contractor’s performance will be systematically recorded in the statewide Contract Management System.
- B. Areas of Evaluation and Review shall include, but shall not be limited to quality, cost and timeliness. Collection of information relevant to the performance of Contractor’s obligations under this Addendum shall be determined by the specific requirements of such obligations and shall include factors tailored to match the requirements of Contractor’s obligations. Such performance information shall be entered into the statewide Contract Management System at intervals established by State Ordering Entities and a final Evaluation, Review and Rating shall be rendered within 30 days of the end of the Addendum term. Contractor shall be notified following

each performance Evaluation and Review, and shall address or correct any identified problem in a timely manner and maintain Work progress.

- C. Should the final performance Evaluation and Review determine that Contractor demonstrated a gross failure to meet the performance measures established hereunder, the Executive Director of the Colorado Department of Personnel and Administration (Executive Director), upon request by the State Purchasing Office, and showing of good cause, may debar Contractor and prohibit Contractor from bidding on future contracts.
- D. Contractor may contest the final Evaluation, Review and Rating by: (a) filing rebuttal statements, which may result in either removal or correction of the evaluation (**CRS §24-105-102(6)**), or (b) under **CRS §24-105-102(6)**, exercising the debarment protest and appeal rights provided in **CRS §§24-109-106, 107, 201 or 202**, which may result in the reversal of the debarment and reinstatement of Contractor, by the Executive Director, upon a showing of good cause.
- E. At the end of the current contract term or sooner in the event the Addendum is terminated prior to the full term, the Contractor shall complete and submit a performance evaluation in a form substantially equivalent to **Exhibit 3** (Sample Contractor Performance Evaluation) attached hereto and incorporated herein.

16. GENERAL PROVISIONS

- A. **Assignment and Subcontracts.** Contractor's rights and obligations hereunder are personal and may not be transferred, assigned or subcontracted without the prior, written consent of the State. Any attempt at assignment, transfer, subcontracting without such consent shall be void. Any such required modification automatically shall be incorporated into and be part of this Addendum on the effective date of such change, as if fully set forth herein.
 - I. **Order of Precedence.** The provisions of this Addendum shall govern the relationship of the Parties. In the event of conflicts or inconsistencies between this Addendum and its exhibits and attachments, including, but not limited to, those provided by Contractor, such conflicts or inconsistencies shall be resolved by reference to the documents in the following order of priority:

 - K. **Survival of Certain Addendum Terms.** Notwithstanding anything herein to the contrary, provisions of this Addendum requiring continued performance, compliance, or effect after termination hereof, shall survive such termination and shall be enforceable by the State or an Ordering Entity if Contractor fails to perform or comply as required.
 - L. **Third Party Beneficiaries.** Enforcement of this Addendum and all rights and obligations hereunder are reserved solely to the Parties.
